

ΚΕΦΑΛΑΙΟ 33 – Οργάνωση συλλογών

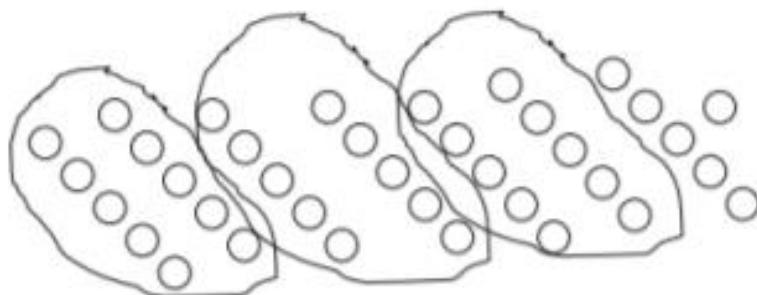

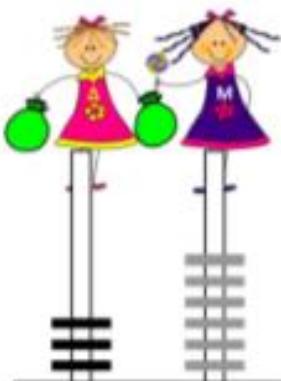

Βρίσκω το αποτέλεσμα.

$10 + 3 = \dots\dots\dots$
$10 + 10 + 10 + 6 = \dots\dots\dots$
$10 + 10 + 9 = \dots\dots\dots$
$10 + 10 + 10 + 10 + 5 = \dots\dots\dots$
$10 + 8 = \dots\dots\dots$

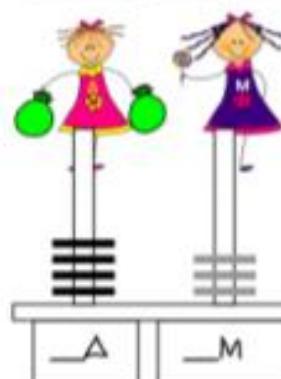

Βρίσκω πόσα κρατάει η **Μονάδα** και πόσα η **Δεκάδα** όπως το παράδειγμα.

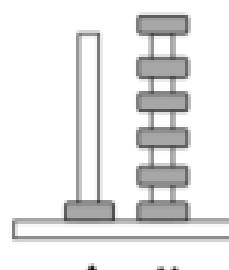

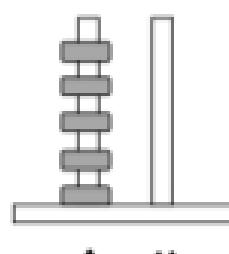

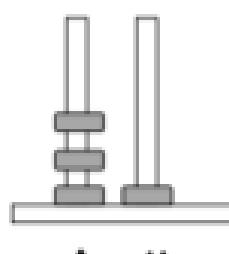

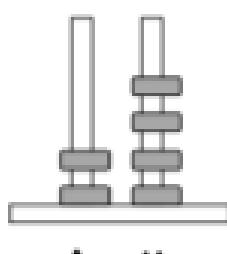

3Δ	6M
----	----

$$= 10 + 10 + 10 + 6 = 36$$

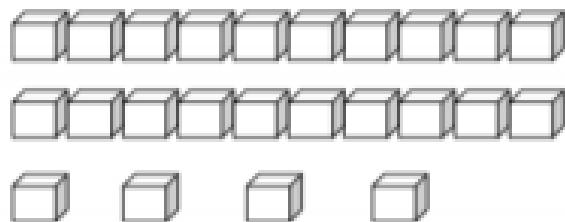

$$= \underline{\quad} \Delta \underline{\quad} M = \underline{\quad} = \underline{\quad}$$

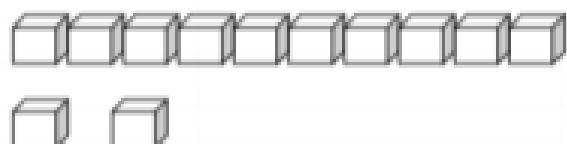

Γράφω τους αριθμούς όπως το παράδειγμα.

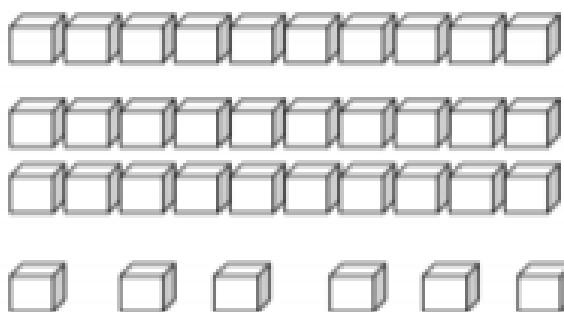

Μετρώ τα κυβάκια και υπολογίζω όπως το παράδειγμα.

$$\boxed{10} + \boxed{10} + \boxed{4} = \boxed{\quad}$$

$$\boxed{\quad} + \boxed{\quad} = \boxed{\quad}$$

$$\boxed{\quad} + \boxed{\quad} + \boxed{\quad} + \boxed{\quad} = \boxed{\quad}$$
